2006 Koi Show a Success

Thousands of people visited our annual koi show this year which was held in conjunction with the Hatsume festival at the Morakami Museum and Japanese Gardens, Delray Beach. What a perfect venue for our show, a Japanese themed festival to showcase our Japanese Koi.

John Sprinkle, a new club member, traveled from Naples to enter some of his prize winning fish. John didn't stop there. He assisted behind the scenes and helped make the entire event a success. Our thanks also go out to Bob and Terri Wilson who made sure the

water was the best quality for happy and healthy fish

Ron (and Sue) Bilkis, Martin

Rogers who supplied electricity via his generator and a work crew to break down the show.

Martin Wilcox accepting the Grand Champion trophy from Sue Bilkis. Show Chairman Ron Bilkis is in the rear.

Bob and Terri Wilson

Wilcox, along with a handful of others did a terrific job in seeing that the show was a success. Ron was the overall show chairman and Martin was the Vendor Coordinator.

Our fish would not be able to breathe had it not been for Frans supplying air to the tanks. The Goldfish show went off without a hitch thanks to the efforts of Terry and his volunteers. Also, a special note of thanks to Josh

Some of the Koi fish entered in the show
